

JIAMIN (CARMEN) ZHENG

☎ 0427 835 092 ✉ carmen.zheng@unimelb.edu.au

EDUCATION

- Doctor of Philosophy (PhD) Candidate - The University of Melbourne** 2023 - current
Thesis: *Cognitive involvement of malformations of cortical development (MCD) in adults with focal epilepsy*
Supervisory committee: Dr Chris Tailby, Prof Graeme Jackson
- Master of Psychology (ClinNeuro) - The University of Melbourne** 2020 - 2022
Thesis: *Neural Correlates of Concomitant Depression and Pain*
Supervisor: A/Prof Natalia Egorova-Brumley
- Bachelor of Arts (Honours) - The University of Melbourne** 2015 - 2019

EMPLOYMENT

- Clinical Neuropsychologist - The Neuro Group** 2026 - current
Diagnosis of cognitive disorders
Conducting capacity assessments
- Academic Tutor - The University of Melbourne** 2025 - 2025
Subjects taught: Biological Psychology; Cognitive Psychology
- Clinical Neuropsychology Registrar** 2022 - 2024
Acquired Brain Injury Rehabilitation, Caulfield Hospital
Royal Talbot Rehabilitation, Austin Hospital
Cognitive Neuroimmunology Clinic, Royal Melbourne Hospital
- Research Assistant - The Florey** 2021 - 2023
Report fMRI language laterality, cognitive data management, research dissemination.

COMMITTEE INVOLVEMENT

- ECR Representative - Organisation of Human Brain Mapping, Australian Chapter** 2025 - current
Advocate of the ECRs through organisation of professional development opportunities.
- Graduate Student Representative - Florey Equity in Science** 2024 - 2026
Promoting a culture of inclusion and academic equity at The Florey.
- Co-President - Neuropsychology Students' Society** 2021 - 2021
Founder of the 'NSS Book Club', executive-level decision-making, committee management, event planning.

Epilepsy Society of Australia Travel Scholarship, Epilepsy Society of Australia

2026

PUBLICATIONS

Zheng, C. J., Weintrob, D., O'Shea, M., Jackson, G.D., Tailby, C. (2026). Cognition in adults with bottom-of-sulcus dysplasia and the consequences of focal resection. *Epilepsia*. 67. 

Zheng, C. J., Van Drunen, S., Egorova-Brumley, N. (2022). Neural correlates of co-occurring pain and depression: an activation-likelihood estimation (ALE) meta-analysis and systematic review. *Translational Psychiatry*, 12(1), 196. 

Roberts, S., Kuznetsova, V., D'Aprano, F., **Zheng, C. J.**, Kalincik, T., Malpas, CB. (2026). The relationship between cognitive complaints and burden of non-cognitive symptoms in multiple sclerosis. *BJPsych Open*, 12(3). 

Hall, M., Dobson, F., Klyne, D. M., **Zheng, C. J.**, Lima, Y. L., Egorova-Brumley, N. (2023). Neurobiology of osteoarthritis: a systematic review and activation likelihood estimation meta-analysis. *Scientific Reports*, 13(1), 12442. 

CONFERENCE PRESENTATIONS

Zheng, C. J., Jackson, G. D., Tailby, C. (2026). Are periventricular nodular heterotopia (PVNH) involved in cognition? Evidence from task fMRI and implications for surgical ablation. *Florey Graduate Research Symposium*

Zheng, C. J., Tailby, C., Jackson, G. D. (2023). Mood, Anxiety, and Suicidality Across the Course of Epilepsy. *Epilepsy Melbourne*

Zheng, C. J., Tailby, C., Weintrob, D., O'Shea, M., Jackson, G. (2022). Cognitive features of bottom of sulcus dysplasia: Local and diffuse effects associated with focal lesional epilepsy. *Epilepsy Retreat, Austin Health*

Zheng, C. J., Van Drunen, S., Egorova-Brumley, N. (2021). Neural correlates of comorbid pain and depression. *Australasian Cognitive Neuroscience Society*

REFEREES

Charles Malpas, PhD

Associate Professor in Clinical Neuropsychology
Graduate Research Coordinator, Melbourne School of Psychological Sciences
Academic Lead, Melbourne Medical School
The University of Melbourne
📞 0451 116 434
✉ charles.malpas@unimelb.edu.au

Marie O'Shea, PhD

Head, Clinical Neuropsychology (General Health), Austin Health
Clinical Associate Professor, Melbourne School of Psychological Sciences
The University of Melbourne
📞 03 9496 2560
✉ marie.oshea@austin.org.au
